REPUBLICAN SENATORS SEEK PRESIDENT'S AID TO CURB PASSAGE OF BONUS BILL

**G. O. P. Leaders Tell
Senators Harding
Agrees With Sec. Mel-
lon That Bill Should
Be Held Over.**

Washington, D. C., July 7.—President Harding's influence was invoked today by Republican Senate leaders to prevent the passage of the Soldier Bonus Bill. Before the excitement occasioned by Secretary Mellon's "anti-bonus" letter to Senator Frelinghuysen had died down in Republican ranks, G. O. P. Senators were quietly told by some of their leaders today that President Harding agreed entirely with Mellon and that Harding had counseled congressional leaders to let the bonus question rest until some solution of the tax problem had been arrived at.

Preparing to Delay Bill.

Coincident with their statement concerning Harding's view of the matter which they counted on to keep some senators "regular," leaders were preparing other means of setting aside the bonus measure until the time they deem more suitable for its consideration. Senator Frelinghuysen probably will take a leading part in the administration efforts to shelve the bill.

A motion to send it back to the Finance Committee is one means being considered. Another is a revival of the Senatorial recess, or by means of the three day recessing.

Senator Lodge plans today to seek an adjournment if assured of sufficient support.

LEFT CHILDREN TO GO TO WORK—IS KILLED BY AUTO

Erie, Pa., July 7.—Leaving three children while she went out to work as a domestic, Mrs. John Caranski was struck and probably fatally injured by an automobile as she stepped from a street car here late yesterday. She is still unconscious at the hospital today.

UNIDENTIFIED MAN JUMPS OFF BRIDGE

New York, July 7.—An unidentified sailor today jumped into the river from Brooklyn Bridge. His body has not been found.

CURWENVILLE CLINIC

A baby clinic for sick and well babies will be held every Friday afternoon from 3 to 5 p. m. at the Red Cross rooms on State street. All mothers are invited to bring their babies and take advantage of this opportunity for help, education and instruction.

IRISH PEACE NOW HINGES ON DUBLIN CONFERENCE FRI.

**DeValera Will Resume
Conversation With Uni-
onist Representatives.**

London, July 7.—The fate of peace in Ireland apparently hinges upon the result of tomorrow's conference in Dublin. Eamon DeValera "president" of the "Irish republic," will then resume his conversation with representatives of the Unionists.

Envoy to Chile

America's new ambassador to Chile is William Miller Collier, president of George Washington University and minister to Spain under Presidents Roosevelt and Taft.

ALL ITALY IS TO HONOR NOTED POET

Rome, July 7.—For the next three months all Italy will participate in various celebrations in honor of the six hundredth anniversary of the death of Dante, and which will culminate in special celebrations during September.

Rome, Florence and Ravenna, especially have just announced their programs for September that are to mark the highest tribute which Italy can pay to her greatest poet.

Weeks and even months before then various other celebrations will have taken place.

Of the three cities that are to render special homage to Dante in September, Ravenna will get her program started first on September 11th. On that day will occur the inauguration of the new national tomb to Dante, and the consignment and dedication of the bronze and silver wreaths offered by the Italian army; of the bells offered by the various Italian municipalities and finally of the bronze door of the tomb offered by the city of Rome.

On Sept. 15 the celebration will be resumed at Florence.

On September 19th, the Rome City Council will rename one of its leading streets "Via Dante Alighieri" and will make the formal presentation of the bronze door to the tomb of Dante at Ravenna which will be donated by the City of Rome. Remembrance will also be made of the fact that Rome participated with the other Italian communities in the casting of the chimera for the new Dante tomb.

EASTERN POLICE SEEK BIG GANG OF JEWEL THIEVES WHO ROB TRAVELLERS

**Believe Gang Responsible
for \$175,000 Jewel
Theft.**

New York, July 7.—A gang of jewel thieves who specialize in robbing travellers on trains was being hunted today by police of New York, Philadelphia and Trenton, N. J. This gang is held responsible for the theft of \$175,000 worth of diamonds from Joseph Haskell, New York gem merchant, while on a train between this city and Philadelphia. It is also blamed with robbing a Philadelphia woman of jewels valued at \$34,000 on June 23rd.

The identity of the men and woman seen by Haskell occupying his Pullman seat just before the bag containing the jewels disappeared puzzled detectives today. Railroad detectives are searching the track for traces of the bag.

U. S. STEEL CORP. PUTS ROLLERS UNDER PRICES

**Slashes Range From \$4
to \$10 a Ton—Overtime
Wages Discontinued.**

New York, July 7.—The United States Steel Corporation has made a cut in prices of its products ranging from \$4 to \$10 a ton and has abrogated the overtime day put into effect during the war by which all workmen were paid time and a half for all time worked over eight hours.

Formal announcements of these changes was made this afternoon by Judge E. H. Gary, chairman of the board of directors.

The price cut is the second this year and the fourth from the peak level established in the latter part of 1918.

The elimination of overtime for workmen represents also the second change of the corporation's wage schedule. The wage reduction amounts to approximately 10 per cent.

BOY KILLED BY TRUCK

Pittsburgh, Pa., July 7.—David Hahn, 13 year old of 4743 Butler street, died in St. Francis Hospital last night of internal injuries, an hour after he had been struck by an automobile truck at Penn avenue and Forty-sixth street.

The driver of the truck took the boy to the hospital. His name was not ascertained.

Convincing.

Election Candidate.—"Now, my friends, when you vote you don't want to vote for a pig in a poke; you want to vote for me and get the genuine article."—London, T. H. Hts.

Picked Up Along Third Base Line

Official Scorekeeper Tom Reilly, left today for New York where he goes to see his friend Babe Ruth hit out a homer or two. "Sheriff Tom" met the "King of Swat" while traveling between Cleveland and Pittsburgh some few weeks ago and was invited to New York to see the Yanks play and will be the guest of Babe while in the big city.

Taylor and Pilestifter, Manager Hoffman's latest pitching acquisitions, were left at home yesterday and will be in shape for today's game at Philipsburg. It is the intention of the Manager to start the game with Taylor, lefthander, on the mound.

"Red Farrell" the new first baseman, made quite a hit with the local fans who saw him play at Brookville yesterday.

The Osceola team will make its first appearance of the season at the Driving Park tomorrow. The majority of the team are local Osceola boys but all are good ball players. They have defeated Philipsburg a time or two this season.

Sol Robinson has joined the Huntington baseball team for the remainder of the 1921 season. Sol is one of the best amateur players developed in this section and played fine ball with the local team for several games this season. He is one of the fastest infielders to show on the local diamond this season, and the fans are all hoping for a good season for Solly with Huntington.

DUBBOIS TOT BURNED BADLY DIES TUESDAY

Nellie, the little five year old daughter of Mr. and Mrs. Sam Tony of DuBois, died at her home on Tuesday evening last from burns received when her clothing ignited from matches with which the little one was playing.

JORDY ENJOYED BIG SCRAP

Ralph Jordan, who was one of the Clearfield sports to take in the big boxing bout on Saturday last, arrived home last evening. He enjoyed the scrap immensely but says there never was a minute of the time that Carpenter had a chance. Jordy says Jack hit his man whenever and wherever he pleased and made a wonderful showing.

Mrs. B. M. Yeany of Clarion is the guest of her son Dr. G. E. Yeany on Second street.

FIRE LADDIES ON A PRACTICE RUN WEDNESDAY NIGHT

**Make Good Time to
Park—Hose Laid and
Ladders Handled.**

The fire laddies took the kinks out of their apparatus with a practice run to the Driving Park last evening. The alarm was bawled out by Mooley at 7:30 o'clock and as everybody was on the job waiting for the signal the five pieces of motor apparatus were out of their houses and speeding away almost on the first sound of the alarm.

The run to the park was made in record time and hose laid, the ladders handled and a general practise gone through with.

To give you an idea of what time it takes to get the boys on the ground when called these days we kept our "clock" on the Second Ward company. We stood in the office door, watch in hand, when the alarm sounded and saw the Second Ward company pass the diamond in just two minutes and fifteen seconds from the first sound of the alarm.

MAHAFFEY PHONE OPERATOR GIVEN SERVICE MEDAL

Miss Catherine Lind, operator at Mahaffey is among the beneficiaries of the Theodore N. Vail distinguished service medals, the first award of which was announced Sunday by the Bell Telephone Co., of Pennsylvania, and its associated companies.

Miss Lind's service was determined worthy of recognition by the award of a medal. When a fire swept the business section of Mahaffey, last June, she hastened to the office and, after calling surrounding towns for help, had the other two operators remove the records from the telephone office. After that she remained at the switchboard and coolly handled the many calls while firemen played streams of water on the roof of the building, which was cracked with the heat. By her service, she kept in touch with the fire apparatus coming from surrounding towns and communicated this information to the local officials.

THOMAS HONITOR'S FUNERAL

The funeral of the late Thomas Honitor will be held from Leavy's undertaking rooms on Third street at 4 o'clock Friday afternoon. Interment will be made in the G. A. R. plot in Hillcrest cemetery.

**CARNIVAL PLAYS

**LEARFIELD PROVES AN
UNWELCOME SPOT—
CARNIVAL MEN SHAKE
TOWN'S DUST FROM
THEIR SHOES AND STEAL
AWAY.**

The carnival scheduled for the driving park this week found the "going too heavy" and gave up the ghost on Tuesday. It was given out that several of the riding devices had broken down and it was too expensive to fix them up.

The fact of the action of the county authorities in prohibiting all forms of gambling at the carnival was no doubt the real reason for the decision of the carnival people to shake the dust of Clearfield from their shoes before their scheduled stay was up.

We don't believe there is any reason for any good citizen feeling sorry over the turn in affairs. The record made by these carnivals is well known throughout this section and needs no repeating now. Suffice it to say that no aggregation of the kind can make it go and respect the law hence the reason for the traveling carnival to leave Clearfield county a wide berth.

That the menace of the following attracted by the average carnival is becoming apparent to the police and health authorities of the State is shown by the recent action of Dr. Martin of the State Department of Health, who is seeking now to make Pennsylvania too hot for these shows. Following is a copy of the order sent to all district attorneys, the mayors and State police details in all counties and towns where carnivals are to show following Dr. Martin's recent action against the carnival:—

Harrisburg, Pa., July 5, 1921.

BULLETIN NO. 13:
I. All stations and substations will respect carnivals in their vicinity with a view of preventing gambling and eliminating the prostitution which follows many of these carnivals.

II. Where it is found that people following the carnival practice prostitution, arrangements will be made with the State Health Department to have persons suspected quarantined until it is demonstrated that they are not carrying infectious venereal diseases. This will be done in the same manner as is now being done in cases of raids on houses of assignation, et cetera.

III. Where it is found that gambling is permitted in these carnivals, the condition of affairs will be reported to the District Attorney of the County in which the offense is committed, and detail will be guided by the instructions of the District Attorney.

By order of
LYNN G. ADAMS,
Superintendent.

BRADFORD TWSHP. VOTERS TO BALLOT ON SCHOOL BONDS

**Special Election; New School
Buildings Needed at Wood-
land and Bigler; \$35,000
Asked.**

The voters of Bradford township will vote on Friday next on a proposition to bond the township school district for a sum sufficient to provide new school buildings at Woodland and Bigler.

The amount required for this purpose is \$35,000 and the friends of education feel sure Bradford's progressive citizens will vote in favor of the needed additional school facilities.

**Camp McPherson to be
Dedicated—Flag Rais-
ing on Program.**

**CAPT. E. R. SNAVELY
TO BE IN CHARGE**

**Camp Will Be Open to
Visitors on Thursday
Sunday Afternoons.**

FORMAL OPENING

Camp McPherson of the Clearfield Council of Boy Scouts of America will be dedicated with appropriate exercises at 3 o'clock Sunday afternoon, July 10th.

Coincident with the dedicatory exercises will be the raising of a handsome American flag. The program for the occasion will be as follows:—Singing, "America."

Invocation, Rev. C. C. Snavely; "Star Spangled Banner." Raising flag. Address, Hon. Singleton Bell. Address, W. N. Mikel, Scout Executive, Philipsburg, Pa.

Benediction. All members of the Scout Council, their friends and the public generally are invited to be present and inspect the camp.

Fine Camp.
Camp McPherson will be one of the best equipped Scout Camps in this part of the state. The main building which is 20x60 feet will be used as the barracks and is equipped with 40 iron, spring cots fitted with army bed sacks which means that Scouts will not have to furnish anything but their blankets for sleeping. The other building, 16x30 feet, is divided into kitchen and mess hall. The kitchen is equipped with a large range, the gift of the Goshen Rod and Gun Club and other necessary utensils for caring for the feeding of the boys. Routh and Swartzle also contributed a heating stove.

Two 7x9 tents are being erected near the buildings, one for the Scout Commissioner and the other for first aid work. The first aid tent will have everything for caring for any injuries or sickness which may occur.

Approved by Health Officials.
The camp is being built with every man for the best of sanitation which includes a sanitary chemical closet and all of which has been approved by the State Board of Health.

Capt. Earl R. Snavely has been secured for Camp Director and will be in full charge during the summer. He will have as his assistants Guy Lawhead, who will attend to the "eats"; Scout Merrill Winter of Rochester, N. Y., as instructor in signaling and other work, and Scout Boyd Shugart of Troop 1, Clearfield, as bugler, postmaster, and commissary officer.

Arrangements have been made for the delivery of bread, butter and other eatables three times a week. Ice will be delivered twice a week and mail three times. All mail must be addressed care of Camp McPherson, B. S. A., Hyde City, Pa.

The camp will be open for visitors on Thursday and Sunday afternoons only. Each troop will be allowed two weeks in camp and each scout will pay \$5 per week board. A daily program has been arranged which will be published later in the week.

Troop 4 will be the first troop to arrive and will begin camping Monday morning.

NEWS OF OUR NEIGHBORS

CURWENSVILLE

Messrs. Garry Bronnetti and Tony Frisco left yesterday evening for Ridgeport to work in the tannery. Both are expert musicians and will be missed in the ranks of the consolidated bands.

About every hunting camp out on the mountains, and there are quite a few of them, is now occupied by out-of-town parties from town and other places.

Every evening one can see a horde of youngsters of tender years playing games under the street lights on every corner. Their noise and frolic is kept up until after 10 o'clock, and language is heard issuing from mouths that shock the nerves of some who are well versed in the verbs and adverbs of profanity.

Interrogation among some of the town's merchants relative to trade last month elicited very few complaints. Some of them said so far as they were concerned, their trade showed a slight increase over the month of May, 1920. Others claim their line of merchandise about held its own for the same month and year. All of them, however, are looking forward to a brisk fall trade and have purchased their stock of goods in conformity with their judgment. Business in general has almost reached a lull system in Curwensville, and today there are only one or two credit stores. Considering that laborers and mechanics have had but little work since January, our town has suffered no more than other towns in this valley, and a small number of families, compared with other towns of the same size and larger, have applied to the county for temporary relief.

Farmers have had no difficulty in securing all the harvesters necessary to gather the hay and grain this fall, and for that work men are paid fairly good wages.

Mrs. McCumber Avoided a Serious Operation by Taking Lydia E. Pinkham's Vegetable Compound in Time

Georgetown, Ill.—"After my first baby was born I suffered so with my left side that I could not walk across the floor unless I was all humped over, holding to my side. I doctored with several doctors but found no relief and they said I would have to have an operation. My mother insisted on my taking Lydia E. Pinkham's Vegetable Compound and I soon found relief. Now I can do all my own work and it is the Vegetable Compound that has saved me from an operation. I cannot praise your medicine too highly and I tell all of my friends and neighbors what the Compound did for me."—Mrs. MARGARET McCUMBER, 27 S. Frazier St., Georgetown, Illinois.
Mrs. McCumber is one of the unnumbered thousands of housewives who struggle to keep about their daily tasks, while suffering from ailments peculiar to women with backache, sideaches, headaches, bearing-down pains and nervousness,—and if every such woman should profit by her experience and give Lydia E. Pinkham's Vegetable Compound a trial they would get well.

Witmer Broome has added much to the outward appearance of his State street home by giving it a coat of paint.

OH! THAT HORRID NOISE!

Does your water closet give occasion for constant embarrassment by its whistle, squawk and general noisiness? Something wrong! It's either old and worn out—or it's a poor specimen of the required fixture.

Modern closets are practically noiseless. You subject yourself and your guests to unnecessary embarrassment by maintaining such a nuisance.

Prompt service, best materials and reasonable prices are the rule here.

Here's why CAMELS are
the quality cigarette

BECAUSE we put the utmost quality into this one brand. Camels are as good as it's possible for skill, money and lifelong knowledge of fine tobaccos to make a cigarette.

Nothing is too good for Camels. And bear this in mind! Everything is done to make Camels the best cigarette it's possible to buy. Nothing is done simply for show.

Take the Camel package for instance. It's the most perfect packing science can devise to protect cigarettes and keep them fresh. Heavy paper—secure foil wrapping—revenue stamp to seal the fold and make the package air-tight. But there's nothing flashy about it. You'll find no extra wrappers. No frills or furbelows.

Such things do not improve the smoke any more than premiums or coupons. And remember—you must pay their extra cost or get lowered quality.

If you want the smoothest, mellowest, mildest cigarette you can imagine—and one entirely free from cigarettey aftertaste,

It's Camels for you.

ODDS AND ENDS AND THINGS

"By Skinney"

Cancer is neither hereditary, infectious, contagious nor communicable, according to Dr. Frederick Bryant, a New York scientist. He declared there is no need for isolation of cancer patients. He attributed the disease to some form of chronic stimulative irritation, which could be prevented.

Here is one real open-minded and open-mouthed preacher. At the recent annual convention of the New Church conference at Cambridge, Mass., Rev. Dr. L. G. Laudenberg said "everyone has the right to brew a little bit of beer in his own house. This is his personal freedom and nothing should take his right away from him."

IT RUNS IN THE FAMILY

Professional Prohibitionists have become so enthusiastic over the appointment of Roy A. Haynes as Prohibition Commissioner that they have studied his ancestry to find new cause for self-congratulation. And in the Commissioner's great-great-grandfather, Peter Platter, they have found it, for about 100 years ago Peter Platter, deciding liquor was not doing farm hands any good, offered them larger wages and no liquor. Thereby says one enthusiast, he became "the man who banished liquor from the harvest field in the Paint Valley."

Senator Capper, of Kansas, takes a real fall out of the U. S. Chamber of Commerce, in a recent denunciation of that body for its fight on a National bonus to American service men. The Senator "hit the nail on the head" when he said:

"Big business received cost-plus and more for everything it did during the war."

"The service man gave up his job and his prospects to wear a rotten raincoat and to offer his health or his life to 'flu,' poison gas, tuberculosis and the machine guns of the enemy for one dollar a day.

"Big business made billions out of the war. The service man lost more than a year's time, his prospects for advancement or for a complete education and sometimes his health, his life or his eyes, lungs, legs and arms for one dollar a day. The disabilities of 513,000 of the 641,000 men discharged as disabled show—46,000 are tubercular, 76,558 have nervous and mental troubles and the remainder are classed as 'general.' "And as late as March 1 of this year, hospitals for only 24,000 had been provided and less than half this number were in Government hospitals. Since the war big business has evaded paying war taxes on a billion dollars war profits by declaring stock dividends. It is now asking to be relieved of half the war taxes it cannot evade.

Velvetstep Rugs Are Especially Made To Grace Bedroom and Bathroom Floors

Velvetstep Rugs lend a cheery and delightful tone to the bedroom. They impart a soft, velvety feel to the unclad foot. Velvetstep Rugs because of their excellent washing qualities can be kept immaculately clean. The cleanliness feature of Velvetstep Rugs is what endears them to the housewife, therefore they make splendid coverings for bathroom floors.

The Best Washable Rugs on the Market

--Dyed With "Tub-Proof" Fast
Colors--

Sanitary—Velvetstep Rugs are made especially selected new, cotton yarn.

Wash Easy and Clean—Velvetstep Cotton Yarn Rugs are soft and pliable, therefore easy to wash.

Fast Colors—The cotton yarn is dyed and prepared right in our own mills, assuring tub-proof fast colors.

Look Fine—Velvetstep Rugs are made in pleasing patterns and shades of color to strike the fancy of the most fastidious.

Wear Well—Velvetstep Rugs will outwear two ordinary washable rugs because they have a softer filling than warp, therefore the wear is on the filling and not on the warp.

Feel Good—You know what velvet feels like to the touch; Velvetstep Rugs come as close to that velvety feel as is possible in any rug.

Your rifle's life is measured by the priming in the cartridges

Every shot has some effect on the barrel. If you use a cartridge with an ordinary priming, the fouling attracts rust and digs little pits in the surface of the barrel. Coarse priming will scratch and wear the barrel.

These destroy accuracy, make the rifle hard to clean and keep clean, and eventually "wear out" the bore.

The U. S. Cartridge Company has developed a priming for car-

tridges which minimizes the effect on the barrel. This priming is in the famous N. R. A. 22s and all U S Rim-Fires. A rifle lasts longer at the time when it is most valuable—that is, when you have it long enough to know it and regard it with real affection.

Be good to your rifle. Use only U S Cartridges. We sell them in all popular styles and sizes. Money back if not satisfied.

THESE HOT DAYS.

With the weather man hiding behind locked doors, and the thermometer steadily hunting the ceiling, one of the most popular spots in or around Clearfield during the afternoon and early evening is the "swimmin' hole" above the old Fair Grounds. Hundreds seek relief from the heat in the cooling depths of the Susquehanna.

However, there are many more who would take advantage of the chance to cool off if a few improvements were added. It is only by the kindness of a nearby resident that any dressing place whatever is provided. The approach over the bank to the water's edge is in bad shape, and several big rocks under the water have caused more cussin' than one likes to think of.

As the swimming hole is out of the borough limits the only way in which it could be improved is through the efforts of some public spirited person who remembers the days when he was young and learned to paddle around and keep his head above the water. It would not cost much, and would give great enjoyment to Clearfield's youngsters.

At a late hour today it developed that the owner of the barn in which the boys have been changing clothes has been obliged to close and lock the place on account of the "rush of business" yesterday afternoon, several of the bathers failing to live up to the few, simple rules the owner had laid down for observance. This leaves the swimming hole without a dressing room of any sort. And the foliage on the scrub oak trees along the bank is pretty thin!

DOG EAT DOG.

Latest reports from Russia, although unauthenticated, bring word that Trotsky and Lenine, the "Gold Dust Twins" of the Soviet, have broken friendly relations, and the former is now occupying the unenviable place as Lenine's prisoner.

CARNIVAL ON ITS WAY.

The news that the carnival which pitched its tents here to help Clearfield celebrate the Fourth of July, and which had expectations of staying here all week, has folded its tents and slipped away, is not unexpected. Gambling, in one form or another, is the only method by which these travelling shows of a smaller nature can exist, and show something on the profit side of the ledger. It does not make any difference whether it is spinning the wheel for a 39 cent doll baby (with about \$2.00 up on the wheel) or whether it is a "harmless" little "three shell game". The "percentage" is there, although most of us do not realize it. And in addition, that selfsame percentage is great enough to permit the concession owners to pay a goodly share to the fellow who runs the carnival and arranges the bookings.

Clearfield will undoubtedly be marked down as "undesirable" on the carnival routings, but at that Clearfield will not miss much, and morally will be far better off. Shutting off their best source of revenue, and one that works no good, gives little enjoyment, and many a headache to those who see money recklessly thrown away and squandered, may hurt the carnivals, but it certainly will help Clearfield.

Man's Ingratitude.
"De man dat trusts to Luck," said Uncle Eben, "is always so ungrateful as to give his own smartness all de credit when Luck helps him out."

First Trolley Car.

The first street car in the world operated with a wire suspended overhead, commonly known as a trolley wire, was in Kansas City, May 1, 1885, on a line south of Westport, an extension beyond what was then known as the "Westport Horse Car Line."

Ancient Roman Elections.

Ancient Pompeians had both primary and general elections, similar to those we have in every town and city each spring. They were in the midst of an exciting local election, it is indicated, when Pompeii was destroyed in 79 A. D.

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Treezone" on an aching corn. Instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly! Your druggist sells a tiny bottle of "Treezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

THE MAN CAME BACK

A MAN WAS PASSING the Bank the other day when he noticed a sign in the window which suggested that he save a part of his money.

At first he smiled. Why was the Bank so anxious that he save his money? It was true he had \$10 in his pocket that could be spared, but he had not thought of laying it away.

"If I save this \$10 now", he said, "it will come back to me later with interest money added".

So he turned and came back to the Bank to start a new savings account with that \$10. Many people pass the Bank every day with money they could easily save if they were only willing to make small deposits often.

JORDAN'S

JACK OXLEY STOPS RUNAWAY HORSE

Many a brave heart is said to beat beneath a ragged vest, while sometimes in our daily meanderings about town we find a brave heart beating right underneath a 98c sport shirt.

Something of this kind happened yesterday shortly after the noon hour when Jack Oxley of the Leonardson store stepped into the breach and made a hero of himself.

Oxley was on his way to lunch and when he reached the corner of Third and Market street a horse dragging and empty buggy behind it dashed down Market toward Third street. Several people crossing the street promptly sought safety in flight when they saw the horse sailing toward them. Oxley was not one of these, but strode into the street to meet the oncoming animal. With a panther like spring he seized the bridle rein and after a few additional jumps managed to stop the mad beast in its wild flight.

Although he was dragged along several yards over the brick streets Oxley very dexterously kept his feet and when the owner of the steed came running up he turned over the now subdued runaway without a word and started on his way with the cheers of the eye witnesses ringing in his ear.

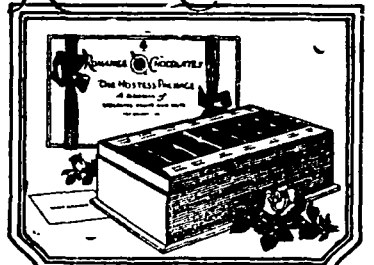

JOHN BARNES, JR

John Barnes, Jr., a prominent Philipsburg business man, died unexpectedly at the McGirk sanitarium in that place on Tuesday evening last. The deceased was a member of the firm of Atherton & Barnes and was also interested in the Williams Grove Brick Works at Bigler. He was 44 years of age. His widow who was Miss Frances Bard, a Curwensville girl, with one son, survives him.
